ALL TEACH, ALL LEARN

An informal/organic approach of sharing knowledge on improvement ideas or projects in various stages from concept to completion

EXPECTATIONS

Individuals connect with leaders, colleagues, or researchers to share ideas during:

- action period calls
- learning sessions
- committees
- webinars
- discussion boards, etc.

Interactions and experiences create opportunities to advance personal QI concepts knowledge—in return increasing possibility for future QI projects across network

Ideas can come from anyone, anytime, anywhere

- *Where is improvement needed?*
- *What problem exist that relate to the network's goals and outcomes?*

EXPECTATIONS

Assess if ideas should develop into a larger P2 or P3 improvement projects
